

Garden State Growth Zones - Camden

Under the Economic Opportunity Act, Garden State Growth Zones (GSGZ) were identified and defined as the four New Jersey cities with the lowest median family income based on the 2009 American Community Survey from the US Census; and a municipality which contains a Tourism District as established pursuant to section 5 of P.L.2011, c.18 (C.5:12-219) and regulated by the Casino Reinvestment Development Authority.

The highest levels of economic incentives are available in GSGZs in order to further spur private capital investment, business development and employment in those areas.

The New Jersey Garden State Growth Zones include: Atlantic City, Camden, Trenton, Passaic, and Paterson.

Grow NJ Benefits for Businesses Expanding in or Relocating to Camden:

1. Businesses in Camden are eligible for increased Grow NJ tax credit amounts per job:

- The base tax credit amount in a GSGZ is \$5,000 per FT job per year.
- Including maximum bonuses, the gross tax credit amount is \$15,000 per FT job per year.
- GSGZs are eligible for up to a \$5,000 bonus tax credit amount per FT job if there is excess capital investment in industrial site for industrial use.
- The maximum amount to be applied by the business annually is \$35,000,000 in Camden. However, a different tax award determination may apply if the project will create 35 or more jobs new to the municipality and make a capital investment of at least \$5 million as shown in the chart below.

Jobs - Minimum	Capital Investment - Minimum	Maximum Cap <i>Equal to the greater of: total tax credit amount for a qualifying project in a GSGZ or total cap investment of the project divided by the total number of new full-time jobs</i>
35	\$5 million	\$20 million
70	\$10 million	\$30 million
100	\$15 million	\$40 million
150	\$20 million	\$50 million
250	\$30 million	Uncapped

Garden State Growth Zones - Camden (continued)

- Both new and retained FT jobs receive 100% tax credit (for retained jobs in non GSGZs, tax credits are reduced to the lesser of 50% of gross amount of tax credits or 1/10 of capital investment)
- If average salary is in excess of average for GSGZ as shown below, then project is eligible for up to a \$1,500 bonus tax credit amount per FT job.

Garden State Growth Zone	Average Salary
Camden	\$28,784

2. Under Grow NJ, projects in Camden that are approved for \$40 million or more over the term (\$4 million annually) are not limited to the lesser of the award of funds necessary to complete the project or the amount permitted under the statute.

3. Final point of sale retail businesses are eligible for Grow NJ in Garden State Growth Zones, including Camden:

Typically under Grow NJ, final point of sale retail businesses are not eligible, with the exception of:

- Businesses in a Garden State Growth Zone that will include a retail facility of at least 150,000 square feet, of which at least 50% is occupied by either a full service supermarket or grocery store, or;

4. Minimum FT Employment Requirements are reduced for businesses in Camden:

Minimum FT Employment Requirements for Camden	New / Retained Full Time Jobs
Tech start ups and manufacturing businesses	8 / 19
Other targeted Industries	19 / 27
All other businesses/industries	27 / 38

Minimum employment numbers are lowered by 1/4 in GSGZs and the lowered amounts are reflected above. In the case of any fractional total, the minimum employment total will be rounded up to the next largest whole number.

5. Capital Investment definition is expanded for businesses in Camden:

For businesses in Camden, the following qualify as a capital investment:

- Any and all development, redevelopment and relocation costs, including, but not limited to:
 - o Site acquisition if made within 24 months of application to the Authority,
 - o Engineering, legal, accounting, and other professional services required,
 - o Relocation, environmental remediation, and infrastructure improvements for the project area, including, but not limited to, on- and off-site utility, road, pier, wharf, bulkhead, or sidewalk construction or repair.

Garden State Growth Zones - Camden (continued)

6. Minimum Capital Investment Requirements are reduced for businesses in Camden:

Minimum Capital Investment Requirements for Camden	\$ / Square Foot
Industrial, Warehousing, Logistics and R&D - Rehabilitation Projects	\$13.33
Industrial, Warehousing, Logistics and R&D - New Construction Projects	\$40
Other – Rehabilitation Projects	\$26.67
Other – New Construction Projects	\$80

Minimum capital investment amounts are lowered by 1/3 in GSGZs and the lowered amounts are reflected above. In the case of any fractional total, the minimum capital investment will be rounded up to the nearest penny.

7. Applicants must only demonstrate that the award of the tax credits is a material factor in the business decision to make a capital investment and locate in Camden.

8. Under Grow NJ, the Net Benefit Test will be calculated on the initial 35 years following the completion of the project for projects in Camden and will yield a net positive benefit of 100 percent of the required tax credit (reduced from 110 percent).

Benefits for ERG Projects in Camden:

The Economic Redevelopment and Growth (ERG) Program is an incentive for developers and businesses to address revenue gaps in development projects, defined as having insufficient revenues to support the project debt service under a standard financing scenario. It can also apply to projects that have a below market development margin or rate of return. The grant is not meant to be a substitute for conventional debt and equity financing, and applicants should generally have their primary debt financing in place before applying. In order for a project to be approved, it needs to undergo a rigorous analysis of the sources and uses of funds, construction costs and projected revenues. All of these metrics are compared to industry standard measures.

For commercial projects, defined as projects that are predominantly commercial and include retail, office and/or industrial uses for purchase or lease, incentive grant reimbursement of up to 20% of total project cost is available, with a bonus of 20% available for projects in Garden State Growth Zones, including Camden. Therefore, the total tax credit may equal up to 40% of total project costs, not to exceed an average of 85% of the project's annual incremental revenues. Additional requirements, including a comprehensive net benefit analysis to verify that the revenues the State receives will be greater than the incentive, apply to commercial projects under ERG.

For residential projects, defined as redevelopment projects that are predominantly residential and include multi-family residential units for purchase or lease, or dormitory units for purchase or lease, a tax credit of up to 20% of total project cost is available with a bonus of an additional 20% (for a total of 40%) for projects located in GSGZs, including Camden.

For Residential ERG projects located in Camden, the minimum total project cost is reduced to \$5,000,000. There is no minimum total project cost requirement for commercial projects under ERG.

Garden State Growth Zones - Camden (continued)

The EOA authorized a total of \$600 million for qualified residential projects, excluding transitional or homeless units. Several set-asides feature GSGZ municipalities as highlighted below.

- \$250 million for projects within Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Ocean and Salem counties, of which:
 - o \$175 million for projects in Camden
 - o \$75 million for projects in municipalities with a 2007 MRI Index of 400 or higher
- \$250 million for qualified residential projects located in:
 - o Urban Transit Hubs that are commuter rail in nature
 - o A Garden State Growth Zone
 - o Disaster recovery projects
 - o SDA municipalities located in Hudson County that were awarded State Aid in FY 2013 through the Transitional Aid to Localities Program
- \$75 million for projects in distressed municipalities, deep poverty pockets, highlands development credit receiving areas or redevelopment areas.
- \$25 million for projects located within a qualifying ERG incentive area.

Garden State Growth Zone Property Tax Exemptions:

The Economic Opportunity Act authorized property tax exemptions in GSGZ municipalities under certain situations. The following is applicable to Camden:

- The owner of any property located within a Garden State Growth Zone, that does not qualify as a Garden State Growth Zone Development Entity, that performs any new construction, improvements, or substantial rehabilitation improvements to property, shall be entitled to an exemption from taxation regarding such improvements. For purposes of such exemption, the municipality shall consider the assessor's full and true value of the improvements as not increasing the value of the property for a period of five years, notwithstanding that the value of the property to which the improvements are made is increased thereby.
- Additionally, GSGZ municipalities were allowed to Opt-In and pass a City Ordinance to allow property tax exemptions for GSGZDEs on improvements to eligible property for any new construction, improvements, or substantial rehabilitation of structures on real property for a period of up to 20 years. This property tax exemption allows that for the first 10 years immediately subsequent to the issuance of a Certificate of Occupancy, the GSGZDE shall be exempt from the payment of taxes on the improvements to the eligible property. The City of Camden passed such an Ordinance in December 2013. [Click here to view the Ordinance for Camden.](#)
- Any exemption obtained under this section shall be fully transferable upon the sale of real property, as long as the new owner meets all requirements for exemption set forth pursuant to this section.

NEW JERSEY ECONOMIC DEVELOPMENT AUTHORITY

new jersey

Highly educated, perfectly located.

Garden State Growth Zones - Camden (continued)

***Per the Economic Opportunity Act, "Garden State Growth Zone Development Entity" means a private corporation incorporated pursuant to Title 14A of the New Jersey Statutes, or established pursuant to Title 42 of the Revised Statutes, for which the profits of the entity are limited as follows. The allowable net profits of the entity shall be determined by applying the allowable profit rate to the total project cost, and all capital costs, determined in accordance with generally accepted accounting principles, of any other entity whose revenue is included in the computation of excess profits, for the period commencing on the date on which the construction of the project is completed, and terminating at the close of the fiscal year of the entity preceding the date on which the computation is made, where:*

"Allowable profit rate" means the greater of 12 percent or the percentage per annum arrived at by adding one and 1/4 percent to the annual interest percentage rate payable on the entity's initial permanent mortgage financing. If the initial permanent mortgage is insured or guaranteed by a governmental agency, the mortgage insurance premium or similar charge, if payable on a per annum basis, shall be considered as interest for this purpose. If there is no permanent mortgage financing the allowable profit rate shall be the greater of 12 percent or the percentage per annum arrived at by adding one and 1/4 percent per annum to the interest rate per annum which the municipality determines to be the prevailing rate on mortgage financing on comparable improvements in the county.
