QUESTIONS & ANSWERS #4

June 21, 2016

Following is the Authority's responses to a question received regarding the subject RFB.

QUESTION #1: *"We are interested in responding to the RFQ/P however I don't believe we have a PSQS with NJEDA. Our firm is presently prequalified with other State agencies including DPMC. Not having a PSQS on file with NJEDA, would that preclude us from being considered for this RFQ/P for Professional Land Surveying Services?"*

ANSWER: • **As indicated in the RFQ/P – "Section 33 – Proposal Format / Submittal Requirements - Item B":**

"At a minimum, the Proposer MUST SUBMIT the following mandatory information items with its proposal:

B. a Fully completed and signed "Professional Services Qualifications Statement" (PSQS) (Exhibit V)

NOTE: *Firms that currently have a PSQS on file with the Real Estate Development Division of the Authority are encouraged to update or amend their PSQS in response to the project specific requirements in this RFQ/P, including Item 14 (A) and 14 (B) of the PSQS. Any such PSQS on file with the Authority, which is older than two (2) years will not be considered by the Authority.*

IMPORTANT: *Please note that the PSQS specific to this RFQ/P pertains to the Authority's Real Estate Development Division. It is not to be mistaken with the New Jersey Schools Development Authority Pre-Qualification Questionnaire (SDA PQ101) or with Department of the Treasury, Property Management and Construction (DPMC) form(s). **These two forms are separate and distinct. In order to be considered for an award resulting from this solicitation, the Authority's Real Estate Development Division Professional Services Qualification Statement (Exhibit B) must be on file and current (not older than two (2) years) as of the date of publication of the advertisement for this RFQ/P or submitted with the proposal, along with all other mandatory submittals, by the Due Date and Time for receipt of proposals.***

Firms wishing to be considered for selection in the future as a potential provider of the type of services described in this RFQ/P in connection with other proposed projects must have submitted a current Professional Services Qualification Statement in accordance with the requirements of N.J.S.A. 52:34-9.3."
