1. Q: Under Submittal requirements, on page 5 of 8 of the RFQ, item #3 requests to “list and identify relevant experience of all anticipated key project team members (subconsultants) that ...”. Please clarify if the intent of this item is for responding firms to list any subconsultants only or is the request to identify individual staff members and subconsultants?

A. We are only interested in any subconsultants, not the actual staff for the RFQ.

2. Q. If we are shipping our RFQ response via an overnight carrier, is the address provided in the RFQ documents sufficient for delivery (36 West State Street, Trenton, NJ 08625-0990)?

A: Please refer to the full Shipping/Delivery Address in the RFQ.
