- 1.4 It is understood that where the Contract Documents impose any obligation on the General Contractor the Bidder shall assume all such obligations, to the extent that they may relate to the work covered by the Contract Documents. Wherever the term "General Contractor", "Contractor", "Subcontractor", “Vendor” or the like appears in the Contract Documents, it shall be construed to mean the Bidder excepting in such events or instances where it will be in conflict with or distort the true meaning and intent of language of the prime contract documents or of the Agreement, or any other Contract Documents.
- 1.5 For the purposes of this Bid, the following definitions apply for items regarding evaluation of the Proposal submission and subsequent compliance in accordance with the terms of the Contract:

MAY: “May” means the Bid item is recommended, but not mandatory for the Bid to be complete.

MUST: “Must” means the Bid item is mandatory for a Bid to be complete.

SHALL: “Shall” means the Bid item is mandatory for a Bid to be complete.

SHOULD: “Should” means the Bid item is recommended, but not mandatory for the Bid to be complete.

ARTICLE 2

BIDDER'S REPRESENTATION

- 2.1 Each Bidder by making its bid represents that it has read and fully understands the Bid Documents.
- 2.2 Each Bidder by making its bid represents that it has visited the site and has familiarized itself with the local conditions under which the work is to be performed.

ARTICLE 3

BIDDING PROCEDURES

- 3.1 All Bids must be submitted in accordance with the Bid Documents, General Instructions to Bidders and the Construction Conditions.
- 3.2 Attention is particularly called to the importance of filling in all Alternate Estimates called for as NJEDA reserves the right to let a Contract or Contracts based upon the possible inclusion of one or more such Alternates. The amount quoted for each Alternate Estimate must include any and all modifications made necessary by the use of such Alternate.
- 3.3 The Bidder must include all labor, materials, etc., in connection with or incidental to each Alternate quotation, whether specifically mentioned or not, so that a complete project results in each instance.
- 3.4 Alternate prices may be considered. NJEDA shall have the right to accept Alternates in any order or combination and to have the right to accept and to determine the contract price on the basis of the sum of the Base Bid and the Alternates accepted. Failure to state a change in price for an Alternate shall be considered as "no change" in price.
- 3.5 All Bids must be submitted on the Proposal Form supplied by NJEDA in **triplicate**, and shall be subject to all requirements of the Contract Documents. All Bids must be regular in every respect; all applicable spaces must be filled in and no interlineations, excisions or special conditions shall be made or included in the

Form of the Bid by the Bidder. Conditional bids will not be accepted, nor will oral, telephone, or e-mailed, bids. Erasures or other changes in the bids must be explained or noted over the signature of the Bidder. **DO NOT FAX BIDS.**

3.6 Bids will be received until the advertised time for receipt of bid and then opened in accordance with the Bid Documents. No responsibility will be assumed for the premature opening of a bid not properly addressed and identified.

3.7 Bids may be withdrawn or modified on written request dispatched by the Bidder and received by NJEDA prior to the time for receipt of bids, provided that written confirmation of withdrawal over the signature of the Bidder shall be placed in the mail with the postmark prior to the time set for receipt of bids. It shall be so worded as not to reveal the amount of the original Bid. Accordingly, any Bid Documents submitted in response to this Bid will be considered a firm Offer by the responding Bidder to perform the Scope of Services as outlined in the Bid Documents and Specimen Contract.

A Bid may not be modified, withdrawn or canceled by the Bidder during the 90 calendar day time period following the time and date designated for the receipt of bids, and Bidder so agrees in submitting its Bid unless otherwise stated in the Bid Form, in which case, the Bid Form shall control.

Negligence on the part of the Bidder in preparing its Bid confers no right for the withdrawal of the Bid after it has been opened.

ARTICLE 4

4.1 Each Bidder must examine the Bid Documents carefully and, shall request, via question to QARED@njeda.com during the question and answer period only, as outlined in the Invitation to Bid, to NJEDA for interpretation or correction of any ambiguity, inconsistency or error therein which the Bidder may discover. Any interpretation, clarification or correction and any supplemental instructions will be issued on the NJEDA website and as outlined in the Bid Documents, not later than two working days prior to the date of the opening of the bids as a Bid Modification or Addendum. All Bid Modifications or Addendum shall become part of the Contract Documents and should be acknowledged in all bid proposals on the Acknowledgement of Receipt of Addenda / Q&A Form. Only a written interpretation or correction by a Bid Modification shall be binding. No Bidder shall rely upon any interpretation or correction given by any other method. **The Acknowledgement of Receipt of Addenda / Q&A Form provided in Section 16.0 should be signed and submitted to NJEDA as part of the Bid submission whether or not Addenda or Q&A were issued for the Bid.**

Each such request shall include a complete description of the proposed substitution, the name of the material or equipment for which it is to be substituted, drawings, catalog cuts, performance and test data, and any other data or information necessary and appropriate credit price for complete evaluation.
- 5.3 If any proposed material or equipment substitution is approved, such approval will be set forth in a Bid Modification.
