Notes:

1. See Project Schedule.
2. The Base Bid Work for the Bidder/Contractor who is awarded the Contract for this Project includes the purchase of materials and installation of the conduit and light pole foundations for the PSEG lighting that is contained in the South Lot consisting of 71 parking spaces which is located at the southern corner of the intersection of Riverside Drive and Aquarium Drive. It is noted that PSEG, **not** the Bidder/Contractor who is awarded the Contract for this Project, will purchase and install the wiring, light poles and luminaires for this Work as shown in the South Lot. The Bidder/Contractor who is awarded the Contract for this Project will coordinate all above-mentioned Work with PSEG and City in accordance with the Contract Documents and Project Schedule.
3. The presence of Historic Fill, as defined/categorized by NJDEP, has been identified in the underlying soils throughout the Project Site, and is being remediated through the NJDEP Site Remediation Program. Historic Fill consists of unclassified, miscellaneous fill material. This Project and Work is designed to remediate the Historic Fill through encapsulation (i.e. engineered cap) utilizing clean fill and pavement materials. Any Historic Fill which is excavated during the course of the construction will be handled in accordance with the Contract Documents and all applicable regulations and requirements, including NJDEP. Any excavated Historic Fill which cannot be reused or remain on-site during the course of construction, as permitted by the Contract Documents, will be handled, transported and disposed off-site in accordance with the Contract Documents and all applicable regulations and requirements, including NJDEP. All costs associated with excavation, monitoring, handling, placement, transporting and disposal of Historic Fill on-site and/or off-site will be included in the Scope of Work and Lump Sum Bids or Contract Prices of this Agreement.
4. The Base Bid Work and Lump Sum Prices includes the protection of the existing sidewalks on Aquarium Drive and Riverside Drive that border the Project Sites, and will remain open for public pedestrian use during the entire duration of this Contract.
5. The Bid Alternate Work includes the purchase and installation of new Luminaires Type B (a total of 15 in quantity) and Type C (a total of 2 in quantity) for replacement of non-working building and pole mounted luminaires attached to warehouse buildings located within the South Jersey Port Corporation - Beckett St Terminal, Zone 1 and Zone 3 (“SJPC property”). The SJPC property is bordered by Second St, Clinton St, Front St and Spruce St and is located adjacent to the BB&T Pavilion on the Camden waterfront. The Contract Documents (Plans/Drawings and Specifications) pertaining to the Bid Alternate Work are attached hereto and made a part hereto. All Work to be performed within the SJPC property will be coordinated with NJEDA and SJPC Facilities personnel. The SJPC property and the subject warehouses can be visually inspected from the public roadways which border the property.
6. Lump Sum and Unit Prices as listed above include all costs associated with mobilization, permits, equipment, labor, materials, bonds, insurances, taxes, overhead, profit, etc. The Authority is a tax exempt organization; their exempt organization permit number is - Federal 22-2045817; State 69-0221644.
7. The Bidder/Contractor will complete the Bid Form and will provide Unit Prices consistent with the Lump Sum Prices for all Work items along with the Bid Proposal. The Bidder/Contractor who is

awarded a contract will provide a detailed Schedule of Values consistent with the Lump Sum Prices along with the executed contract. The Bidder/Contractor is responsible for verifying and estimating all quantities for providing Unit Prices and Lump Sum Bids.

8. Bidder/Contractor must verify all quantities regarding excavation and onsite placement/off-site disposal of Historic Fill/Regulated Material, import and onsite placement of select fill and general earthwork (cut and fill) as provided in the Contract Documents prior to submitting the Lump Sum Bids.

9. Unit Pricing is intended for use in the adding or deleting of this item of Work contained in the Lump Sum Bids in accordance with the Contract Documents.

10. The award of the contract may include all or a portion of the Bid Alternate Work.
